ERD v1.0

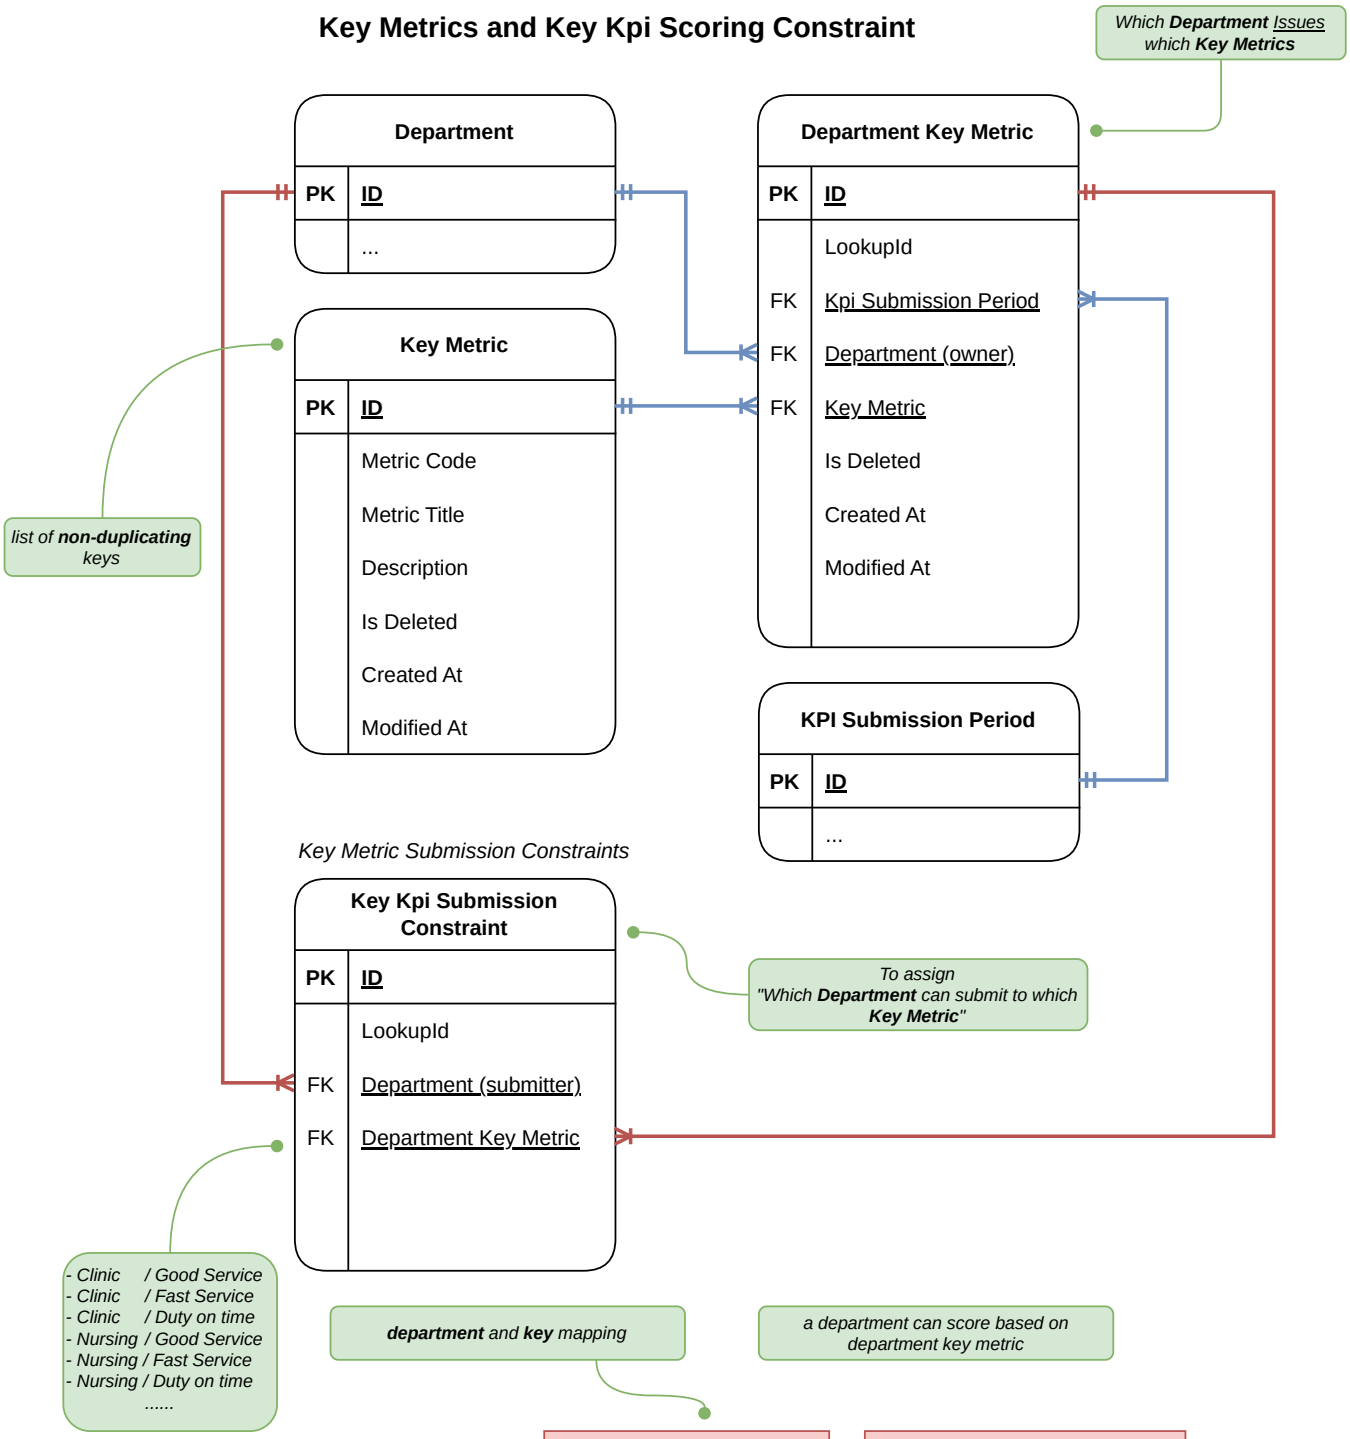
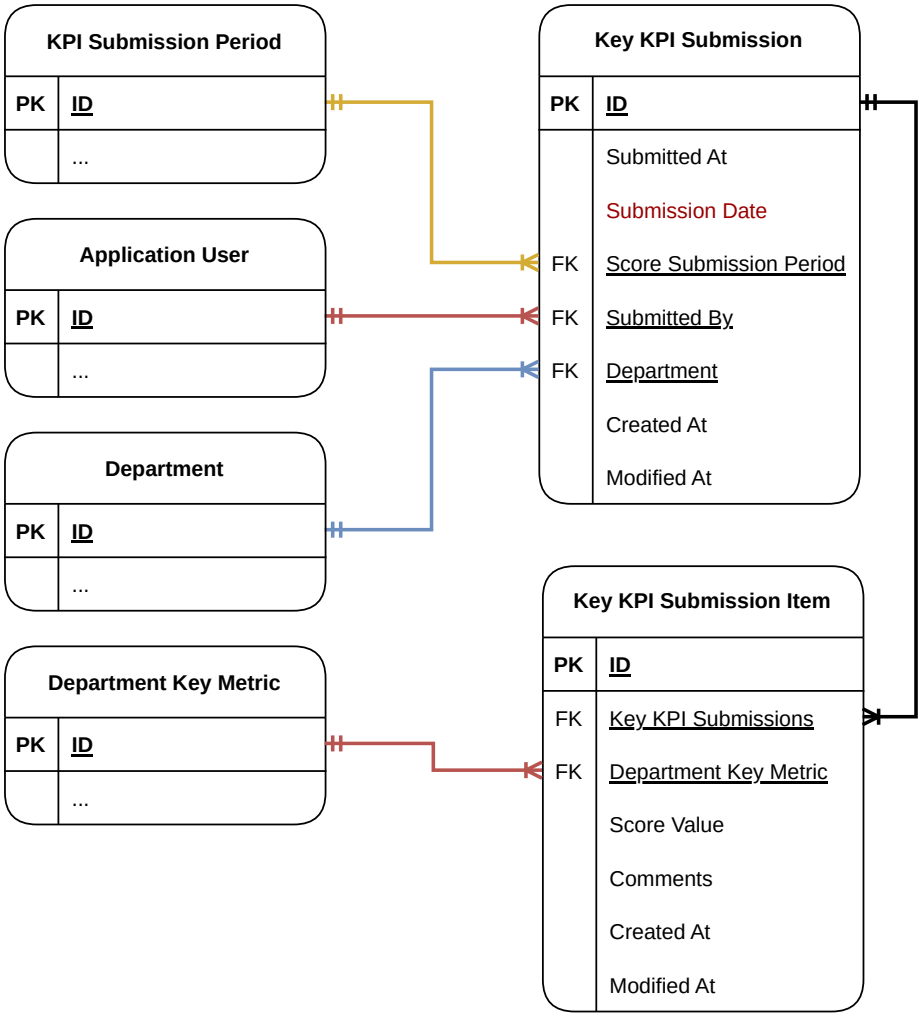
Key Metrics and Key Kpi Scoring Constraint



Department Key Metrics
Clinic Department issues: 1. good service 2. fast service 3. duty on time
Nursing Department issues: 1. good service 2. fast service 3. duty on time
Store Department issues: 1. correct inventory count 2. max loss 5

Which Department can score to Which Department and Keys
Clinic Department can score: 1. Clinic Department's keys: - good service - fast service - duty on time 2. Nursing Department's keys: - good service - fast service - duty on time 3. Store Department's keys: - correct stock count - max loss 5
...

ERD v1.0



Key KPI Submission Form

SELECT
Department, Key
FROM
CX.DepartmentKeyMetric
WHERE
CX.DepartmentKeyMetric.Period == Period
AND
CX.DepartmentKeyMetric.Department == Submitter.Department

How submission works?

*1. **Submitter** choose **Period** for submission*
*2. Display list of **departments + its key metrics** for Submission Form*
> loop department list
*> set **KeyKpiDepartmentScoringConstraint as CX***
*> set **Submitter.Department as SubmitterDepartment***
*> foreach **department == CX.Department***
where
***CX.DepartmentKeyMetric.Period == Period** &&*
CX.Department == SubmitterDepartment
where Department in
